Re: Pending appeals from attorneys fee Judgments and Order re continued existence of Long Beach Federal from District Court actions Nos. 63-1072-P.H., 63-1107-P.H., and 63-1230-P.H.

Dear Miss Brady:

Thank you for your letter of April 19, 1967 enclosing your proposed stipulation for consolidation in the Court of Appeals of the various pending appeals by the different parties from the judgments for attorneys! fees and the order recontinued corporate existence of Long Beach Federal.

I do not believe that the order re continued corporate existence of Long Beach Federal is an appealable order. I am therefore not willing to consolidate any of the appeals from that order with the appeals from the judgments for attorneys! fees.

I am willing, however, to stipulate to consolidating all of the various appeals from the judgments for attorneys! fees for the purposes of motions, briefing and argument but not for all purposes. I believe that three separate judgments should be made and entered by the Court of Appeals in the attorneys! fees matters and three separate orders or other appropriate disposition should be made by the Court of Appeals in all of the appeals from the order re the continued corporate existence of Long Elach Federal.

I will draft and send you shortly two separate proposed stipulations for consolidating the various attorneys' fee appeals in one group for argument etc. Also another separate stipulation for consolidating the various attempted appeals from the order re continued corporate existence of Long Beach Federal into another separate group of appeals for motions etc.

This will not require any changes in the various records on appeals from the three District Court cases Nos. 63-1072-P.H., 63-1107-P.H., and 63-1230-P.H.

I have inquired concerning the separate numbering of the various appeals so that the proposed stipulations can be appropriately numbered and captioned. When I have such information you will hear further from me.

Yours truly,

CHARLES K. CHAPMAN
